Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget this request for extension of the previously approved collection of information discussed below.

Regulation FD (17 CFR 243.100 et seq.) – Other Disclosure Materials requires public disclosure of material information from issuers of publicly traded securities so that investors have current information upon which to base investment decisions. The purpose of the regulation is to require that: (1) when an issuer intentionally discloses material information, to do so through public disclosure, not selective disclosure; and (2) to make prompt public disclosure of material information that was unintentionally selectively disclosed. Regulation FD was adopted due to a concern that the practice of selective disclosure leads to a loss of investor confidence in the integrity of our capital markets. All information is provided to the public for review. The information required is filed on occasion and is mandatory. We estimate that approximately 13,000 issuers make Regulation FD disclosures approximately five times a year for a total of 58,000 submissions annually, not including an estimated 7,000 issuers who file Form 8-K to comply with Regulation FD. We estimate that it takes approximately 5 hours per response (58,000 responses x 5 hours) for a total burden of 290,000 hours annually. In addition, we estimate that 25% of the 5 hours (1.25 hours) is prepared by the filer for an annual reporting burden of 72,500 hours (1.25 hours per response x 58,000 responses).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
